Wood grinding tools

- The new diamond tool series for wood grinding

The SL-Series is a single layer diamond tool specifically developed for efficient initial grinding of wood. The tools works excellent on both in-door wooden floors and on out-door wooden terraces. The SL-series is perfect for leveling uneven floors and removing scratches, paint, oil and lacquer. After initial grinding with SL-series, we recommend you to go along using our range of sandpapers for a smooth and perfect end result.
