HTC Academy

A training seminar for professionals

We believe that the HTC Academy is an excellent forum to stay up-to-date and to ensure you have the knowledge about all the new floor concepts that constantly are developed. A lot is happening in the industry and there is a constant development forward. The Academy program is shaped not only towards new participants but also towards all of you among our customers that have previously already participated in the HTC Academy.

The course includes both theory and hands-on training. All participants are given the possibility to try out the latest floor grinding equipment available from HTC that simplifies and streamline the grinding process.

The topics during the one and a half day course are

Product information

- Machines
- Dust extractors
- Diamond tools

Floor concepts

- Floor prep
- HTC Superfloor™
- Natural stone / Terrazzo
- Wooden floors
- Screed products

Other

- Concrete
- Grinding technique
- Sales arguments

How many can participate in each Academy?

We usually have approximately 25 participants in each Academy. We fill the seats as the registrations are coming in so don't hesitate to register! We know that the seats usually are quickly booked.

Accommodation

HTC cooperates with Comfort Hotel which is located in the neighbouring city of Norrköping just five minutes from the central train station. After received registration you will get a discount code which can be used at the hotel. Booking, payment and cancellation are all made by the customer directly to the hotel.

When, where & how is the HTC Academy held?

The seminar is held in HTC's premises in Söderköping, Sweden. All Academies are held Wednesdays and Thursdays according to the schedule on the next page. The seminar starts Wednesdays 9:00 am and finish the following day at 3:00 pm.

Send, fax or email your registration today!

Each date has a limited number of seats.
