# HTC GREYLINE™

HTC Greyline™ is a new series of floor grinding equipment from HTC consisting of four different sizes of floor grinders, two dust extractors, diamond tools and special accessories.

HTC Greyline™, world leading technology in a powerful and cost effective package! Simplicity added!

## THE BENEFITS

### Adjustable chassis and handle

The floor grinder's chassis and handle can easily be adjusted to fit your preferred working position. HTC recognize the value of good ergonomics.

### Easy Grinding

HTC Greyline™ literally means easy grinding. Select and attach your tools, plug the machine to the wall & start grinding.

### Easy tool choice

Three standard tools in different grit sizes for removal of coatings and leveling of concrete are all the tools needed, it can't be easier.

### Divisible for easy transport

All floor grinders in the HTC Greyline™ series are divisible which make the grinders easy to transport.

### Floating Cover HTC Greyline™

All grinders in the HTC Greyline™ series come with a floating cover. The floating cover simplifies handling of the machine and creates a better dust absorption. No need for a separate splash guard.

### Robust chassis

The robust and sturdy chassis makes the machines perfectly balanced which is important when grinding but also simplifies machine handling for tools change etc.
