

## HTC 280

- Floor grinder and edge grinder in one

The HTC 280 is a small, agile floor grinder with a 2.2 kW motor that's just right for simpler floor stripping or grinding. The grinder can also be easily reconfigured for edge grinding.

The HTC 280 is especially good for smaller surfaces where concrete, for example, needs to be evened out, or where a coating must be removed (paint, putty, epoxy, etc.).

The motor and chassis can be easily separated, and the chassis is collapsible for easy handling and transport. The grinder even has a digital time counter.

# HTC Professional Floor Systems Product sheet

## Start grinding with a push of a button

The start/stop button is all you need to start grinding

## Collapse and transport

Easy to separate the motor and chassis, easy to collapse and transport.

## Keeping an eye on the hours

Hour meter tells you how long you've been grinding totally with the machine.

## Quickly change tools

The EZchange™ system speeds tool changes and gives you access to a wide range of HTC tools.

## Keep grinding dust under control

A floating grinding hood that responds to floor irregularities means improved dust extraction.
