

FP Series

- For final polishing to achieve maximum gloss

Our FP-series is an excellent polishing tool that is very appreciated for its outstanding performance in creating a high gloss. Hence, it is our recommended tool for the final polishing steps in the HTC Superfloor™ process (yellow and green step). The FP tool is our recommendation for wet grinding and polishing of granite.

EZ FP 5 Black - 150 grit

- Item Number: 593325901

Our FP 10 tool is used for honing of concrete. The FP tool is also our recommendation for wet grinding and polishing of granite.
